the touch of nature, the language of luxury.

Lightness and mystery are united in the natural aesthetics of endless landscapes. Nature creates captivating beauty with distinctive colour nuances, sometimes subtly earthy, sometimes mystically glowing, granting us a sense of magic and inspiration.

In a world increasingly shaped by virtual realities, there is a growing longing for the tangible. The touch of fabrics, the feel of textures – all of this is regaining special value as it satisfies our need for sensuous, authentic experiences. Fine materials bring such experiences to life and give us moments of genuine comfort.

In pursuit of this idea, we present CRAFTED BY NATURE, a collection in which nature and avant-garde design

enact an exciting dialogue. The finely composed textiles stand for creativity, freedom and perfection. Every single thread, every structure and every pattern tells its own unique story. CRAFTED BY NATURE celebrates the sensuous experience of exclusive home textiles and a love of authentic crafting. Rooms are given souls by this collection, transforming them into unique places of beauty.

grounded in nature

Inspired by the genuine vastness of the American Midwest and the endless landscapes of Arizona, GROUNDED IN NATURE unfolds a powerful, natural aesthetic. With their natural materials and textured surfaces, the textiles radiate authenticity and tranquillity – a homage to originality.

Purist fabrics made of sheer linen and jute meet precious hand embroidery and expressive jacquards in an exciting portfolio. The handcrafted character of the fabrics is emphasised

by the fluffy, lively textures and freely executed painterly designs, which delight with a harmonious interplay of light natural tones and earthy nuances.

sunsets and silence

SUNSETS AND SILENCE presents a casually elegant interpretation of the unconventional bohemian style, using a passion for art and free improvisation to make creative statements. Precious textiles capture the magic of a glowing evening atmosphere in

the tranquillity of nature and transform it into a sensuous experience. The shimmering surfaces of luxurious satins and moiré velvets give

a unique depth to both energetic and delicate colours, creating a poetic aura. The exciting interplay of matt chenille yarns with sophisticated embroidery or fil coupé creates expressive relief

effects that are a joy to touch. Timelessly elegant wool qualities have a fluffy feel that provides a sense of genuine warmth and comfort.
